

Compound Tile Nipper

32036

COMFORT

Co-molded plastic handle with non-slip, rubber grip for comfortable repeat use

DURABLE

Rustproof, strong steel body

STRONG

3 times more cutting power than standard tile nippers

PRECISE

5/8" tungsten carbide tips for accurate and quick cutting

Blister card packaging

The QEP® Compound Tile Nipper quickly makes irregular cuts on all types of tile up to 1/4" thick. Tungsten carbide tips provide easy and fast cutting when you need tile to fit around pipes, columns or oddly-shaped objects. It grants three times the power of conventional carbide-tipped nippers while applying less pressure to make cuts. The curved handle and non-slip grip help minimize hand fatigue during repeat use.
