SHARP TRACK™ cutting wheels
easily identify used cutting edges

SPECIALIZED CUTS
IRREGULAR SHAPES IN
GLASS TILES AND MOSAICS
UP TO 5/16" THICK

The QEP® Xtreme™ Series 8.25" Glass Tile Nipper is professionally engineered to shape irregular glass and tile mosaics up to 5/16" thick. Easily snip away at pieces with tough, titanium coated tungsten carbide cutting wheels. Sharp Track™ design identifies used cutting edges to maintain a hard cutting edge. 3 Pro Control settings make this nipper easily adjustable.
