

22650Q

650XT 7 in. Tile Wet Saw

VERSATILE
22.5°/45° angle guide for diagonal cutting

ACCURATE
Lock-down rip guide for fast, multiple cuts

RELIABLE
3/4-Peak HP Motor

SELF-CONTAINED
Water run off collection system

ADAPTABLE
Table extension supports large format tiles

MITER CUTS
Tilting table allows for 22.5° and 45° miter cuts

SPLASH CONTAINMENT
Re-directs airborne water to provide additional blade cooling and improved cut quality. Work area stays dryer and reduces reservoir fill-ups

| ITEM NO. | 22650Q |
| MOTOR | 3/4-Peak HP |
| RPM | 3600 |
| AMPS | 4.8 |
| BLADE CAPACITY | 7 in. |
| ARBOR | 5/8 in. |
| SIZE | 20.8" x 15.74" x 9.88" |
| WEIGHT | 19.2 lbs. |
| CUT SIZES | Unlimited |
| DEPTH OF CUT | 1 1/4 in. |

This small, but remarkably powerful saw is ideally suited for the "small-job" contractor or serious DIY'er. New water containment system reduces reservoir fill-ups and keeps your work area drier by reducing splash. It has a peak 3/4 HP motor offering the user the ability to cut any tile substrate from ceramic to stone to porcelain. It offers many of the same features found in larger saws, but is perfect for those small work spaces like bathrooms and kitchens. The saw is completely self-contained and requires no pumps or hoses. The diamond blade is cooled as it passes through the internal water reservoir during operation.
