

Double Suction Cup

75012

HEAVY DUTY

Rigid, aluminum alloy body with textured, non-slip grip

SECURE

Hold and release levers for easy, secure use

WIDE BASE

Two 4.75" durable rubber pads will not mar tile

BALANCED

Improved weight distribution makes handling awkward loads easier

STRONG

200 lb. holding capacity of smooth, non-porous materials is ideal for large format tile

HOLDING POWER*

IMPROVED WEIGHT DISTRIBUTION MAKES HANDLING AWKWARD LOADS EASIER

The 15" QEP® Xtreme™ Series Double Suction Cups is engineered for maneuvering non-porous, smooth tiles, stone, marble, cultured marble, granite, and glass during horizontal and vertical applications. Smooth, non-porous materials up to 200 lbs. are lifted, transported and set into place more easily. The levers over both non-marring rubber pads allow a quick hold and release of the material. Engineered to perform, this Double Suction Cup features a rigid aluminum alloy body for a long life.

*When used on a clean, smooth, non-porous surface
