The QEP® 61900Q 900XT Pro Tile Saw packs a powerful 2.25 HP motor that easily cuts through ceramic tile, porcelain and stone. The 900XT Tile Saw features full-coverage splash guards, two side trays and a large rear water containment tray to help minimize overspray, keeping the work area dry and clean. In addition, the side extension on the saw table offers maximum support for large format tiles. This saw comes complete with a premium porcelain-rated 10 inch diamond blade for cutting even the toughest tiles, and the 900XT is designed with a quick-release folding stand and oversized wheels making it easy to transport around the job site. These attributes, coupled with the laser cutting guide, LED work light and the rubber-coated aluminum table to help keep tiles in place, make the rugged QEP 900XT, a powerful tile saw with the features that matter most to the tile contractor.
