Install tile with professional results while saving time with QEP[®] LASH 360 Tile Leveling System Project Pack. Level, Align, Space and Hold tile in place to prevent lippage, ensure a consistent finish and provide convenient visibility. The Posts, produce even grout lines and raise neighboring tile of the same thickness for a level finish. The Caps are used in conjunction with the Posts to produce even grout lines and align neighboring tile delivering a lippage-free surface. For quick and easy removal, Posts are designed to break off below the surface of the tile with a simple kick in the direction of the grout line.
