LEVEL ALIGN SPACE HOLD

The World's Best Tile Leveling System

The Original LASH® Tile Leveling System is designed for quick installation and reduces costly call backs by ensuring that the finished floor surface is lippage-free. This time-saving system helps adjust the height of the tiles and evenly holds their edges throughout the curing process of the setting material.

Two-part system eliminates uneven tile - Clips and Wedges

- For tile between 1/4" and 7/16" thick
- Proprietary poly blend for secure holding and easy break off
- Clips provide 1/16" or 1/8" grout widths
- May be combined with regular tile spacers for wider joints - up to 1/4"
- Wedges are reusable

TROWELS & FLOATS

QEP boasts an extensive offering of Trowels and Floats. With a variety of grips, sizes and designs, QEP makes it easy to find the right products for your tile installation project. Favorites of professional installers include the QEP Xtreme Pro Series Cork Handle Notched Trowels, QEP Margin Trowels and Floats, which feature bucket hooks for easy storage, and the QEP Extreme Pro Series Stone Grout Float, shaped to contour and flex giving you the leverage you need.

EURO NOTCH CORK HANDLE TROWEL

Alternating notch pattern delivers a uniform mortar bed, minimizing voids.

Its "zipper effect" locks the subfloor, thinset, and tile together, eliminating air pockets for a stronger, longer-lasting bond.

NEW

SLANT NOTCH CORK HANDLE TROWEL

Slanted notches deliver superior thinset transfer and reduces voids for stronger tile adhesion.

Recommended for all large-format tile installations per the NTCA Reference Manual

Longest lasting blades in the industry.

X-TREME PRO-SERIES Cork Handle Stainless Steel Trowels

- Cork comfort grip for better cushion and anti-slippage in the hand
- 25% longer shank with 13 exposed, reinforced rivets for superior strength
- Extra handle-to-shank distance allows maximum hand clearance
- Rust resistant 12" x 4½" durable stainless steel blade lasts 25% longer

TEAR-OUT TOOLS

When starting a new project, QEP knows scrapers and chisels need to be strong and durable to get the job done. We offer smaller handheld options, chisels and scrapers that can accommodate handles for extended reach and traditional demolition, surface and floor scrapers. All of these tools are designed for better leverage, comfort and control while working.

UNDERLAYMENTS & BARRIERS

QEP offers both cork underlayments and Aquabar® "B" Moisture Vapor Barrier to enhance crack suppression. Natural Cork Underlayments help control sound under ceramic tile and stone and reduce thermal transmissions.

Benefits of Cork Underlayment

A staple in green building, cork offers superior durability, is impermeable, resistant to mold, mildew, and termites. A natural insulator, cork is fire resistant, and provides unrivaled noise reduction properties.

Our cork sheets and rolls exceed the International Building Code requirements for ambient and impactsound transmission. Cork is an excellent resource for underlayment, and comes from a renewable resource. Cork underlayment is carbon negative and is the exceptional choice.

Using cork underlayment contributes to LEED Green Building Credits.

Natural Cork Sheets

- Reduces sound transmission from both the surface of a floor as well as through the floor to living spaces below
- Use under ceramic tile, stone, marble, engineered hardwood and laminate floors
- Acts as a crack isolation membrane that resists transfer of stress cracks from subfloor through to flooring surfaces
- Reduces thermal transmission, increasing the effectiveness of floor heating systems
- Each sheet: 2' x 3'

*IIC measures sound such as moving furniture and walking, **STC measures sound such as voices and television. Minimum sound rating required by most building codes and architects is 50. ***Δ Delta Rating is the only true measurement of sound reduction from a product (not a floor assembly) in the industry.

DISPLAYS & MERCHANDISING

We are pleased to offer both promotional floor stands and permanent fixtures for some of our best-selling installation tools. The floor displays are made of cardboard which can be recycled and the countertop displays can be used for any QEP product you would like to feature. Our 4' and 8' QEP branded gondola fixtures are designed to hold pegged product, shelf cartons and boxes. The gondola presentation allows for the full range of QEP tile tools to be merchandised together with overhead signage.

QEP® WARRANTY

All QEP electric tile saws, mixers, tile cutters, and the electric suction cup carry a 3 year Manufacturer's Limited Warranty. The Manufacturer's Limited Warranty ensures the product is free from defects in materials and workmanship for a period of 3-years from the date of purchase. This warranty does not cover accidental damages, unreasonable or improper use, normal wear and tear, loss of use, or consequential damages. Product registration, included with the product packaging, must be completed within 30 days of purchase for eligibility. This warranty covers refund or replacement due to a defect in materials or workmanship for a term of the warranty.

All QEP hand tools carry a 1-year Manufacturer's Limited Warranty ensuring the product is free from defects in materials and workmanship for a period of 1-year from the date of purchase. This warranty does not cover accidental damages, unreasonable or improper use, normal wear and tear, loss of use, or consequential damages.
